

EDUCATION

SCRIPPS COLLEGE | B.A.

2022 - 2026, Claremont, CA
Science, Technology, & Society
(STS) and Fine Arts, Honors, Lucia
Suffel Crafts Award recipient
GPA: 3.95/4.0 | Summa Cum
Laude

SKILLS

PRODUCT: Product Management •
Feature Scoping & MVPs •
Competitive & Market Research •
GTM Support • Agile & Scrum
Leadership • Sprint Planning •
Communication • Cross-Functional
Collaboration

DESIGN: UI/UX Design • Brand
Design • Visual Design • Creative
Direction • Motion & Video • Print
Production • Wireframes •
Prototyping • Design Systems

TOOLS: Figma • Adobe Creative
Suite • Procreate • Claude Code •
Salesforce • Jira • HubSpot • Google
Workspace • Microsoft Office

HANDS-ON: Letterpress Printing •
Bookbinding • Pottery & Ceramics
• Monotype Printmaking • Ceramic
Sculpture

AI: AI Strategy • Vibe Coding •
Generative AI Tools • Prompt
Engineering • Responsible AI

EXHIBITIONS

(2026) Blink, Williamson Gallery,
Scripps College • **(2025)** Tracework,
Lang Gallery, Scripps College •
(2024) 2D 1Day & Praxis
Exhibition, Glasgow School of Art •
(2023) Intermediate Ceramics
Student Exhibition, Scripps College
• **(2022)** Boulder Valley Student
and Faculty Exhibition, 3rd Place
Award • **(2019)** Boulder Valley
Student Art Exhibition

EXPERIENCE

STACKHAWK | PRODUCT MANAGEMENT INTERN

May – August 2025, Denver, CO

- Coordinated end-to-end launch of Hosted Scanner across 4 cross-functional teams within a 6-week build cycle, translating technical progress into stakeholder-specific updates that kept design, engineering, and sales unblocked, enabling StackHawk to compete in a previously-losing market segment.
- Surfaced sprint priorities from customer feedback and competitive positioning, contributing feature recommendations that shaped Hosted Scanner's initial scope, then synthesized findings into structured documentation that powered a 2-week MVP sprint to launch.
- Led competitive research across the emerging MCP ecosystem for StackHawk Vibe, mapping a market projected to reach \$99B by 2034 and identifying an unclaimed first-mover gap.

STACKHAWK | DESIGN & MARKETING INTERN

May – August 2024, Denver, CO

- Produced HawkAI's launch video with a movie-trailer creative direction, generating 20,000+ impressions on a \$400 ad spend and serving as the centerpiece asset at Black Hat USA 2024.
- Delivered 30+ brand and marketing assets, including a Google retargeting campaign reaching 1.2M+ impressions and driving a 30% lift in weekly web traffic, alongside UX updates and competitive analysis supporting go-to-market positioning.

SCRIPPS COLLEGE | TEACHER'S ASSISTANT, BOOK ARTS & PRINTMAKING

January 2023 – May 2024, Claremont, CA

- Instructed and mentored 15 students per semester across 3 semesters in book-making, letterpress printing, and Adobe Suite design; standardized materials and templates that cut in-class setup time by 30 minutes per session.
- Streamlined course delivery by preparing demonstrations, materials, and press machinery in advance, collaborating with faculty to build a constructive feedback culture.

GROUNDWORKS | SALESFORCE DEVELOPER & POTTERY INSTRUCTOR

May – August 2023, Boulder, CO

- Optimized Salesforce data structures across 3 teams while teaching 4 pottery classes weekly to an average of 15 students, leading community ceramics outreach.

SELECTED PROJECTS

SCRIPPS COLLEGE JOURNAL | LAYOUT EDITOR

2024 - 2025

- Sole designer of the 2025 edition: led a 10-person team over a 12-week timeline to build a full design system and execute layout for a 300-copy print run featuring 20+ artists, plus a launch event drawing 100+ attendees.

NOTIFICATION BEHAVIOR RESEARCH & VISUALIZATION PROJECT

2026

- Conducted a 9-month, 90-page mixed-methods study on how push notifications shape user behavior, attention, and communication habits, combining academic research, a self-tracked behavioral field study, and original data analysis (scholarship.claremont.edu/scripps_theses/2745); translated findings into Please Respond, an art installation publicly exhibited at the Ruth Chandler Williamson Gallery.
